Needs Assessment Performance

Needs Assessment

A systematic process of gathering information that is appropriate and sufficient to develop an effective educational program that will address the groups' needs and wants (gap).

The following is a list of Methods that can be utilized:

- Learning Needs Survey
- Customer Requirements Survey
- Review of current environment and culture
- Evaluations of prior learning programs
- Employee Retention Rates

Gap Analysis

Our Gap Analysis can be defined as the determination of the difference between current knowledge/practices (what you are doing) and current Evidence Based Practices (what you should be doing). Gaps can occur in knowledge, skills, or practice.

Steps used to perform a Gap Analysis:
